### 3. Structure, Governance and Management

#### Legal Status

For a Child's Smile (London) (the "**Charity**") is an Association governed by a Constitution adopted on 24<sup>th</sup> June 2005 it was registered at The Charity Commission on 9<sup>th</sup> February 2006.

#### Management

The Charity is managed by a Board of Trustees. This body meets at least once a year to make policy and strategic decisions.

A team of volunteers runs the day-to-day operations under the leadership of Ghislaine Hannay. This team usually meets to plan events and other fundraising and communication initiatives. Ghislaine Hannay has been supported by Philip Hannay who holds responsibilities relating to the Charity's financial and administrative operations.

#### Management Changes

Ghislaine Hannay would like to hand over fundraising and team management responsibilities. PSE For a Child's Smile is looking for new recruits to lead fundraising and team management activities – contacts have been made within the French community in London and to charity support services to find a successor(s).

#### Trustee Selection Method

Officers and other Trustees are elected in General Meeting. The Trustees may appoint any person who is willing to act as a Trustee. Each of the Trustees shall retire with effect from the conclusion of the annual general meeting following his or her appointment but shall be eligible for re-election at that annual general meeting. Notice must be given, by letter or email, to the Charity by the person to be proposed to show his or her willingness to be appointed prior to the meeting.

#### Related Parties

The Charity raises funds and awareness on behalf of Pour un Sourire d'Enfant ("**PSE**"), a Cambodian based charitable organisation. The Charity works alongside PSE branches and like charities in Europe, the US and Hong Kong. All PSE's social programmes take place in Cambodia. PSE's Charter is set out in Appendix C. A summary of PSE's achievements is set out in Appendix D.

## 4. Objectives and Activities

### The Charity's Mission Statement

The Charity is a non-political and non-denominational association. Its sole objective is to assist in the relief of poverty affecting children and their respective families living in Cambodia who find themselves facing financial and other hardships

### Objectives

The Charity was established to support the work of PSE in the following areas:

1. The relief of financial hardship of children living in Cambodia by providing such children with food, shelter and health services which they could not otherwise afford through lack of means.
2. The relief of financial hardship, either generally or individually, of children living in Cambodia by making grants of money for providing or paying for items, services or facilities.
3. The relief of unemployment for the benefit of the children living in Cambodia by educating them in such ways as may be thought fit, including assistance to find employment.
4. To advance the education of the pupils in Cambodia by providing and assisting in the provision of facilities for education in local public schools in Cambodia or at the centre of remedial classes or at the vocational training centre located in Phnom Penh.

The Charity focuses on the following areas of activity:

- **Fundraising:**
  - Sponsorship – regular donations (normally monthly) to contribute to PSE's day-to-day operating expenses.
  - Donations – one-off or irregular donations used to finance PSE investments and projects.
  - Events organisation and coordination aimed at raising funds for PSE.
- **Communication:** Raising awareness in the UK of the Charity's activities as well as the works of PSE.
- **Volunteering:** Providing support in the recruitment of volunteers for PSE's summer camps and as English teaching assistants during the school year.

## **5. Achievements and Performance**

### **5.1 UK Events & Fundraising**

Having organised 3 major events in the prior year, the Charity decided to focus on other activities: development of the relationships with schools in particular Justice au Coeur at the Lycée Français and other fundraising initiatives for the benefit of PSE For a Child's Smile – including tours of the V&A.

### **5.2 Communications**

The Charity translated all the key communications materials for PSE – the website, the annual activity report, accounts summary, current projects, quarterly newsletters – to ensure the charity is accessible to English speaking as well as French speaking supporters.

The Charity posted announcements and news regularly on the UK Facebook page (<https://www.facebook.com/forachildsmileuk>).

The Charity sent out quarterly bulletins and other news items to the Charity's contact list in both English and French via Mailchimp.

### **5.3 Recruiting Volunteers**

The Charity has taken the lead in recruiting English Teaching Assistants for the PSE Centre in Phnom Penh. Improvements in the teaching of English has been recognised by PSE as a key development point – recruiting fluent English speakers to help building oral skills is a key step in those plans. The charity has posted advertisements on the PSE website, at various university and corporate volunteering sites – 19 volunteers were interviewed for 2017/18 academic year 20 others interviewed for the 2018/19 academic year.

The Charity provided assistance with the recruitment of volunteers for the 2018 Summer Camps. Previous year Summer Camp volunteers promoted the Summer Camps in various universities around the UK and on social media. They held an Assessment and Interview Day at UCL where British and UK-based volunteers were selected. The UK Branch of the Summer Camp Organisation Team also conducted Skype interviews with applicants living in the USA or Asia.

### **5.4 Administrative initiatives**

The charity launched an initiative to comply with the EU Data Regulation GDPR that came into force on 25<sup>th</sup> May 2018. Everyone on the mailing list were contacted to allow them to explicitly elect to receive newsletters and other correspondence from the charity.

## Appendix B: Independent Examiners Report

### Independent Examiner's Report to For a Child's Smile

I report on the accounts of the charity for the year ended 31 August 2018.

#### Respective responsibilities of Trustees and examiner

The charity's trustees are responsible for the preparation of accounts. The charity's trustees consider that an audit is not required this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

It is my responsibility to:

- examine the accounts under section 145 of the 2011 Act
- follow the procedures laid down in the General Directions given by the commission under section 145(5)(b) of the 2011 Act
- state whether particular matters have come to my attention.

#### Basis of independent examiner's report

My examination was carried out in accordance with the general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the next statement.

#### Independent examiner's statement

In connection with my examination, no matter has come to my attention:

- 1) which gives me reasonable cause to believe that in any material respect the requirements:
  - to keep accounting records in accordance with section 130 of the 2011 Act and
  - to prepare accounts which accord with the accounting records and to comply with the accounting requirements of the 2011 Acthave not been met, or
- 2) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached

## Appendix C: The PSE Charter

The aim of this Charter is to define the philosophy and ethics of our Charity to assure its long-term future.

The objective of our Charity is to defend the fundamental rights of children throughout the world. Recognising that everyone can contribute to this objective, our Charity is both apolitical and non-denominational.

### Philosophy of the Charity

**"Humanity owes to the child the best it has to give".** (Geneva Declaration - SDN 1924)

Though the United Nations General Assembly unanimously approved the Convention on the Rights of the Child on 20th November 1989, in many cases, these rights are threatened or ignored.

- A hungry child must be fed
- A sick child must be treated
- A mistreated child must be protected
- An exploited child must be rescued
- An abandoned child must be taken in
- Every child should feel the affection of a loving look upon him.

PSE's mission is to intervene for the benefit of those children in greatest distress both directly and by institutional actions.

Direct action includes, but is not limited to:

- Food distribution
- Providing health care centres
- Creating protection centres
- Help for education
- Vocational training
- Supporting families

Institutional action includes, but is not limited to:

- Information Sharing
- Defending Children's Rights with national and international authorities
- Collaborating in specific projects such as construction of schools, of dispensaries, etc...
- Development of education programmes
- Supporting Non-Governmental Organisations who work with the philosophy to help children in distress.

### Ethics of the Charity

#### To the countries where we operate

The Charity respects the sovereignty of the countries in which it operates, it tries to integrate its work with the action plans of those countries and to develop its projects in close collaboration with local authorities whilst maintaining independence of action and control.

It endeavours to integrate with local partners as far as possible.

It cares about operating with modesty, always respecting local culture and acting without a conquering spirit.

### **To the children**

All the Charity's actions aim to enable the integration and fulfilment of every child in their natural geographic environment, respecting the social life and the culture of their country, and thus enabling them to master their own destiny.

It is essential that the children, often victims of violence and conflicts, find in the Charity a model of peace, friendship, harmony and stability.

While wanting to provide the poorest with high quality schooling, we don't want elitism for a few.

### **To the volunteers**

In their voluntary work, people don't like to find constraints, conflicts and competition; they want to find a place of friendship and initiative.

This harmonious atmosphere is the strength of the Charity as it allows everyone to give their best.

The Charity's structure must be flexible and adaptable. There are leaders and unifiers (not bosses) that provide everyone freedom to act. Where disputes or conflicts arise, everyone must prioritise unity and the interests of the Charity above imposing their own ideas.

### **To the sponsors**

The accounts must be transparent and available at all times to any sponsor who wishes to consult them.

The management is run with complete respect for the money entrusted to the Charity as well as ensuring its optimum utilisation for the benefit of the children.

While the Charity communicates facts, it avoids producing material that is unnecessarily shocking or making its audience feel guilty.

The financial resources come predominately from private donations (sponsorships, aid from NGOs or businesses) supplemented by public financing to allow new investments. The Charity respects the donors' wishes by fulfilling any commitments and through strict management of Charity.

The Charity keeps complete mastery and control of financing.

A new school support programme has been initiated to provide help to children at risk of dropping out of state schools it supported 970 children in 32 classes.

- Employed 593 (584) people in Cambodia;
- Provided an average of 1,200 (1,500) medical consultations per week for both the pupils and their families.

### The following are the key investments / projects for the year 2017/18:

- Implementation of remedial schooling in 5 provinces – 4th and final year: 4,429 children, including 1,861 new children, were part of the remedial programme. We trained 138 remedial teachers and 88 school principals in all the different modules. This year, the programme is being implemented in the province of Kampong Thom by the Ministry in partnership with UNICEF.
- School books for Year 4 of remedial schooling: levels 7 & 8 of the remedial schooling curriculum did not have specific text books. 4 textbooks covering 10 subjects: Khmer, mathematics, physics, chemistry, biology, earth science, geography, history, civic education and domestic education have been developed.
- School support course during the holidays: More than 800 students (383 in primary schools, 426 in secondary schools), who are struggling to keep up with their classmates, received support classes in two subjects: Khmer and mathematics.
- Scouts – 2<sup>nd</sup> year: the two objectives were to open the scout project to younger children, aged 6 to 10, and to train leaders.
- Buses for the school run: three buses are needed to allow PSE to pick up children from the villages in the suburbs of Phnom Penh and to support extra-curricular activities.
- Motorcycles for our teams in the community: motorcycles are the best way for the social team to visit the families and state schools – many of the roads are in too poor condition for any other form of transport.
- Renovation of the student houses – 3 houses in the centre have been renovated so they can house volunteers – English & French teaching assistants during the academic year.
- Implementing a communications and IT network in our Centre – this project upgrades the IT and telephone networks in the centre. The old system was over 10 years old and is now obsolete.
- Management and Sales School building and the OBK campus – the new OBK campus is now in use, however there were some additional projects to complete the site including fire safety system, fencing, lighting, a parking space for the school bus and landscaping.
